

# **"How did the Great Fire of 1901 shape who I am as a Jacksonville resident?"**

**Through much research on the history of Jacksonville, students chose to investigate the following question: "How did the Great Fire of 1901 shape who I am as a Jacksonville resident?" Students have put together various display models illustrating what occurred during and after the fire. Visitors will get to interact with narrators giving an account of how they survived the fire. There will also be a "hands-on" activity that gives visitors an opportunity to experience the texture of Spanish moss, as well as a demonstration on fire safety.**
