

Florida State College at Jacksonville and The Foundation Academy Present the Fourth Annual Jacksonville Science Festival

WHAT: The fourth annual Jacksonville Science Festival, a FREE three-day community-wide event promoting STEAM (Science, Technology, Engineering, Arts and Mathematics) education in Jacksonville, announces its partnership with Florida State College at Jacksonville (FSCJ) and The Foundation Academy.

The event will be presented February 25-27, 2016 on FSCJ's South Campus and at Friendship Fountain Park/MOSH (The Museum of Science and History).

Highlights include interactive booth presentations, food trucks, vendors, BIG science by MOSH, STEAM Talks, performing arts and lots of fun activities.

K-12th grade field trips are encouraged to attend the festival on the FSCJ South Campus February 25-26 and can schedule through the festival website, www.JacksonvilleScienceFestival.org. A first-come first-served transportation grant is also available.

Contact Jacksonville Science Festival at (904) 493-3535 for more information.
