

How Do Our Eyes Help Us Grow?

At our booth you will learn a lot about eyes, like how colorblind people see and don't see. You will also learn about blindness and what types of blindness there are. We will also be talking about Myasthenia gravis. . Do you know how to protect your eyes and how to help them? Come to our booth. Get involved by learning how to guide a blind person. Also you can learn how to read braille.
