

What are the effects of trash in our oceans?

Great Pacific Garbage Patch, Ocean Cleanup Project, Seabin Project, Sea Turtles Threatened with Extinction, and Pollution: Controversial, right? Come to our collaborative booths and learn about the importance of these topics. Learn why the Ocean Conservancy lists trash as the greatest threat to the world's seas; learn how you can help Save Our Oceans! And come join us for a variety of Hands On learning activities, including Jeopardy, arts and crafts, face painting, and a whole new game of basketball. If you are wondering, "What are the effects of trash in our oceans," come ask us. Let our booths be your Google. Meet our surprise guest. Swim with the Trash. Interested yet ? Check out our booth and you will be astonished.
